Introduction

The 2nd International Conference on Computer Science and its Applications (CSA-09) will be held in Jeju, Korea on December 10 - 12, 2009. The CSA-09 will be the most comprehensive conference focused on the various aspects of advances in computer science and its applications. The CSA-09 will provide an opportunity for academic and industry professionals to discuss the latest issues and progress in the area of CSA. In addition, the conference will publish high quality papers which are closely related to the various theories and practical applications in CSA. Furthermore, we expect that the conference and its publications will be a trigger for further related research and technology improvements in this important subject.

Topics (13 Tracks) The main topics include but will not be limited to:

- Track 1. Mobile and ubiquitous computing
- Track 2. Dependable, reliable and autonomic computing
- Track 3. Security and trust management
- Track 4. Multimedia systems and services
- Track 5. Networking and communications
- Track 6. Database and data mining
- Track 7. Game and software engineering
- Track 8. Grid and scalable computing
- Track 9. Embedded system and software
- Track 10. Artificial intelligence
- Track 11. Distributed and parallel algorithms
- Track 12. Web and internet computing
- Track 13. IT policy and business management

Important Dates

- Paper Submission Deadline: **August 23, 2009 (Final Extension)**
- Acceptance Notification: September 15, 2009
- Camera Ready Due: September 30, 2009
- Conference Dates: December 10 - 12, 2009

Paper Submission and Publication

There will be a combination of presentations including scientific papers. Prospective authors are invited, in the first instance, to submit papers for oral presentation in any of the areas of interest for this conference. Authors should submit full paper with 8 pages, regular paper with 6 pages, and short paper with 4 pages in length. Authors are strongly recommended to submit the full paper or the regular paper for further journal recommendation. **Conference Proceedings will be published by IEEE and all papers of the proceedings will be included in IEEE Xplore™ (indexed by EI).** Please use IEEE Conference Proceedings paper format for submission.

Submission system: <http://www.editorialsystem.net/CSA2009/>

Special Issue

Distinguished papers accepted and presented in CSA-09, after further revisions, will be published in the special issues of the following international journals:

-  The Journal of Supercomputing (JoS) - Springer (SCI)
-  Journal of Telecommunication Systems (JTS) - Springer (SCI-E)
-  SENSORS Journal (SCI-E)
-  Multimedia Tools and Applications (MTAP) - Springer (SCI-E)
-  Multimedia Systems Journal - ACM/Springer (SCI)
-  The Computer Journal (SCIE)
