## Program Committee

- <http://www.ftrg.org/em-com2009/>

EM-Com 2009 will be held in Haevichi hotel, Jeju, Korea on December 10-12, 2009. EM-Com 2009 will be the most comprehensive conference focused on the various aspects of advances in Embedded and Multimedia (EM) Computing.

EM-Com 2009 will provide an opportunity for academic and industry professionals to discuss the latest issues and progress in the area of EM. In addition, the conference will publish high quality papers which are closely related to the various theories and practical applications in EM.

Furthermore, we expect that the conference and its publications will be a trigger for further related research and technology improvements in this important subject. Each paper will be reviewed by at least three reviewers. The conference proceedings will be published by IEEE (Indexed by EI).

The EM-Com 2009 is the next event in a series of highly successful International Symposium on Ubiquitous Multimedia Computing (UMC-08, Australia, Oct. 2008) and International Workshop on Embedded Software Optimization (ESO-08, China, Dec. 2008), previously held as UMS-08 (Korea, April, 2008), UMS-07(Singapore, Jan. 2007), ESO-07(Taiwan, Dec. 2007), ESO-06(Korea, Aug. 2006).

## Topics

We are inviting new and unpublished papers on, but not limited to, the following topics:

### 1.Embedded Computing

### 2.Multimedia Computing

### 3.EM Applications and Services

- See more details : <http://www.ftrg.org/em-com2009/>

## Submissions and Proceedings

Every submitted paper will be carefully reviewed by at least three members of the International Program Committee.

All accepted papers will be included in the conference proceedings published by IEEE (indexed by EI).

Authors should submit paper with 4 pages (at most 8 pages) in length by using online systems for review.

Distinguished papers accepted and presented in EM-Com 2009, after further revisions, will be published in the special issues of the following international journals:

- The Journal of Supercomputing (JoS) – Springer (SCI)
- Journal of Telecommunication Systems (JTS) – Springer (SCI-E)
- SENSORS Journal – MOLECULAR DIVERSITY PRESERVATION INT (SCI-E)
- Multimedia Tools and Applications (MTAP) – Springer (SCI-E)
- Multimedia Systems Journal – ACM/Springer (SCI)
- The Computer Journal – Oxford University (SCI-E)

All submissions must be made electronically :
